Student Outreach Program (Do-It-Yourself)

SOP-DIY – Student-Client Care Letter (V1.3)

Respected Student Client,

Hope you are doing good MashAllah.

Thanks for choosing AukSun's Student Outreach Program (Do-It-Yourself) version: SOP-DIY for higher education in Italy. Through this program, we will team up with you on your road to an Italian university, a scholarship or stipend, and your student visa pursuit.

This is your application and your story, so you hold the pen. Our online program gives you the videos, checklists and templates for every stage, and your AukSun mentor is a message or a call away. Please share your questions, or any small doubts by WhatsApp, phone call or email. We will read them, correct them and talk them through with you, during your program InshaAllah.

Here is how we will walk together:

1. You check your credentials against your preferred universities and their requirements as guided in the SOP-DIY program. Get your credentials verified as guided in the program. Feel free to confirm with your mentor that you are reading them right.
2. Prepare your documents, with translations and certifications where needed, and apply to the preferred programs in the list of selected universities. Your mentor can review your drafts before you submit them.
3. You prepare for your admission test through PPP, interview and visa appointment. We will practice with you by call or WhatsApp until you feel ready.
4. You plan your move: accommodation, bank account, tax code, insurance, medical care and travel. Our guides and mentors will share what has worked for students before you.

You can count on the SOP-DIY and mentors for:

- Access to all program materials for the academic year.
- Honest and prompt replies from your mentor, plus review and correction of your individual application.

Like any good partnership, ours works best when a few things are clear from the start:

- You apply to the university and the Consulate Office for Italy yourself, as guided in the SOP-DIY. (if you like AukSun to act on your behalf on any occasion, we are glad to talk about it separately).

- Please keep everything you tell us and every document you submit ACCURATE AND HONEST, and do tell us about any change in your family, civil status, address or contact details. Your visa depends on it.
- Admission, scholarship, stipend and visa decisions belong to the university and the government. No one can promise them, including us. What we can promise is that you will go in well prepared.
- You pay one flat program fee, as shown on our website, only into the bank accounts listed at https://auksun.online/payments. The fee is non-refundable, including in case of a visa refusal. If a refusal comes from an error in our program materials, please tell us in writing and we will review it within 120 days.
- The university and visa fees are paid by you.
- Our materials are for your personal use. Please DO NOT share or resell them.
- Any third-party service we point you to is that provider's responsibility. AukSun is an online programs provider.

Celebrate Life, and succeed successive successes. InshaAllah.

Warm Regards,
